AN OVERVIEW

The ACT Government in partnership with the ACT Aboriginal and Torres Strait Islander Elected Body had conversations with the community to help shape the next generation.

In **developing**
the Agreement
we
talked to
lots of people...

and received
feedback

We **read**
lots of documents...

What we have heard...

We want Strong Families

- We want our kids at home safely
- Being able to get support and advice early – support systems can be difficult to navigate

Culture

- Boomanulla Oval and the Cultural Centre need to be available for all of the community to use and benefit from

Connect back to country

- Connection to culture and country are important for our health and wellbeing
- Having a suitable place to live that is safe and healthy

Culturally appropriate services

- We need more community controlled services, and support the ones we have
- Government and service providers need to be more informed on cultural integrity and ensure staff can walk the talk

Community led solutions

- We need government to support us to do things our way
- We need to be part of the overall decision making that affect our lives
